Subject/ Objet: Schedule of Post Adjustment Classifications and threshold figures for the purpose of calculating rental subsidies/Classement des lieux d'affectation aux fins de l'application des ajustements (indemnités de poste ou déductions) et seuils aux fins du calcul des allocations de logement

---

A consolidated schedule of post adjustment classifications and threshold figures for the purpose of calculating rental subsidies (or deductions) is attached.

Names of countries and areas which appear in the English alphabetical order are indexed in French in the list attached to the schedule.

In cases where only one post adjustment classification is shown for a country, normally for the capital city, that classification will be applicable for all duty stations within the country.

This schedule is effective 1 May 1992, unless otherwise indicated, and supersedes any schedule previously published.

On trouvera ci-joint un barême mis à jour du classement des lieux d'affectation aux fins de l'application des ajustements (indemnités de poste ou déductions) et des seuils aux fins du calcul des allocations (ou/déductions) de logement.

Les noms des pays et localités figurent par ordre alphabétique anglais. On trouvera à l'index annexé au barême les noms en français.

Dans les cas où une seule classe est indiquée pour le pays, en général pour la ville capitale, cette classe s'applique à tous les lieux d'affectation dans le pays.

Sauf indication contraire, le barême ci-joint entre en vigueur le 1er mai 1992 et remplace tous les barêmes déjà parus.
